ARMY (ANNUAL) ACT, 1909.

[9 EDW. 7, CH. 3.]

AN ACT TO PROVIDE, DURING TWELVE MONTHS, FOR THE DISCIPLINE AND REGULATION OF THE ARMY.

[30th April, 1909.]

WHEREAS the raising or keeping of a standing army within the United Kingdom of Great Britain and Ireland in time of peace, unless it be with the consent of Parliament, is against law :

And whereas it is adjudged necessary by His Majesty and this present Parliament that a body of forces should be continued for the safety of the United Kingdom and the defence of the possessions of His Majesty's Crown, and that the whole number of such forces should consist of one hundred and eighty-three thousand two hundred, including those to be employed at the depôts in the United Kingdom of Great Britain and Ireland for the training of recruits for service at home and abroad, but exclusive of the numbers actually serving within His Majesty's Indian possessions :

And whereas it is also judged necessary for the safety of the United Kingdom, and the defence of the possessions of this realm, that a body of Royal Marine forces should be employed in His Majesty's fleet and naval service, under the direction of the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of Lord High Admiral aforesaid :

And whereas the said marine forces may frequently be quartered or be on shore, or sent to do duty or be on board transport ships or vessels, merchant ships or vessels, or other ships or vessels, or they may be under other circumstances in which they will not be subject to the laws relating to the government of His Majesty's forces by sea :

And whereas no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm, by martial law, or in any other manner than by the judgment of his peers and according to the known and established laws of this realm; yet, nevertheless, it being requisite, for the retaining all the before-mentioned forces, and other persons subject to military law, in their duty, that an exact discipline be observed, and that persons belonging to the said forces who mutiny or stir up sedition, or desert His Majesty's service or are guilty of crimes and offences to the prejudice of good order and military discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow :

44 & 45 Vict., c. 58. And whereas the Army Act will expire in the year one thousand nine hundred and nine on the following days :—

PUBLIC DEBT.

Simla, the 14th July, 1909.

THREE-AND-A-HALF PER CENT LOAN.

No. 3500-A.—His Excellency the Right Honourable the Governor General in Council has resolved to borrow two hundred and fifty lakhs of rupees for the public service in the following manner :

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of *the Three-and-a-half Per Cent Loan of 1900-01*, of which loan the notes to be now issued will form a part. All the conditions which apply to notes of *the Three-and-a-half Per Cent Loan of 1900-01*, will apply to the notes to be now issued. The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December ; and the notes are not liable to discharge before the 31st day of December 1920.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 2,50,00,000 will be received by the Comptroller General from this date to noon, standard time,* of Wednesday, the 28th July 1909. Tenders must be for sums of 100 Rupees or multiples of that sum.

4. Each tender must be addressed in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover, superscribed "*Tender for the Three-and-a-half Per Cent Loan*". If the tenderer is not resident in India, he must name an agent resident in India to whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE (1).—Tenders made in accordance with these instructions will also be received by the Accountant General at Madras, Bombay and Rangoon on account of the Comptroller General, Calcutta, on the 27th July and up to noon, standard time,* on the 28th July, provided that—

- (a) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them);
- (b) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank;
- (c) each tender is for not less than Rs. 10,000;
- (d) the deposit is either a Promissory Note or a Treasury Receipt from the local office of the Presidency Bank, or a cheque on a local Bank in favour of the Accountant General;
- (e) the amount of the tender is made payable at the place of tender, *viz.*, Madras, Bombay or Rangoon (as the case may be) or in Calcutta;

and the Accountant General will return deposits on non-accepted tenders and will issue allotment-certificates so far as the tenders are payable in Madras, Bombay or Rangoon.

5. The rate at which each tender is made must be specified in rupees or rupees and annas : a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna : if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. The deposit must be in one of the

following forms: (a) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay or one of their Branches, or from an officer in charge of some Public Treasury, or (b) a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, Bombay or Rangoon, or (c) Government Promissory Notes¹ standing in the name of, or endorsed to, the tenderer or the person making the deposit.

¹ It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.

8. (a) Deposits, not being Promissory Notes, will, in the case of accepted tenders, be credited proportionately in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of Promissory Notes, will be credited as far as possible proportionately in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(b) Promissory Notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up, and will, if the allotment-certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon, standard time,* on Wednesday, the 28th July next, and those received under the terms of note (1) to clause 4 will be similarly opened by the Accountants General at Madras, Bombay and Rangoon at noon, standard time,* on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at rates not below the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders, provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 100: preference will however be given to small tenders, not exceeding Rs. 2,000, at the lowest accepted rate, such tenders receiving allotments in full as far as possible.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General¹ as soon as possible after the 28th July and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras and Bombay, and at the Branch Office of the Bank of Bengal at Rangoon.

¹ For tenders received by the Accountants General at Madras, Bombay or Rangoon, and payable at those places, the Accountant General will issue the allotment-certificates.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment-certificates [after credit of the deposit under clause 8 (a)] will be made payable upon the 15th September.

Otherwise the whole amount of each allotment will be divided into two instalments as follows:

Instalment I.—As near as convenient to 50 per cent, but not less than 50 per cent, payable upon the 17th August.

Instalment II.—The balance payable upon the 15th September and instalment-certificates will be issued for each instalment separately.

* Noon, standard time, corresponds to 12.24 P.M. Calcutta time.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 100.

14. Any allotment-certificates will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations; provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

15. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal, or Madras, or Bombay, or in any Branch of these Banks or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras and Bombay, or their Branches, or by the officers in charge of the Government Treasuries at which payment is made, by encasement upon the relative certificate.

Issue of Promissory Notes.

16. (a) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, Promissory Notes of such values as he may desire (each note being in even hundreds and not less than Rs. 100) bearing interest from the 31st December 1909, and he will also receive interest at $3\frac{1}{2}$ per cent per annum from the dates on which he may have made payment till the 30th December 1909.

(b) Or he may, at his option, by paying interest at the said rate from the 30th June 1909 to the dates on which he may have made payment, obtain Promissory Notes as above, bearing interest from the 30th June 1909.

ACCOUNTS AND FINANCE.

The 15th July, 1905.

No. 3581-F. O. & A.

RESOLUTION—By the Government of India, Finance Department.

The Government of India have had under consideration the examinations now held for admission to the Enrolled List of the Civil Accounts Department and the Superior Accounts Branch of the Public Works Department.

2. Under the rules published in paragraphs 2 and 3 of the Resolution of the Public Works Department, No. 139-A. E., dated the 17th June 1899, the subjects for examination for the Public Works Accounts Branch are those prescribed for entrance to the Engineering class of the Rurki College, but this examination has proved not altogether suitable for the Accounts Branch, and has failed to attract a sufficient number of thoroughly qualified candidates.

It has been decided, therefore, to substitute the syllabus of the examination for entrance to the Enrolled List of the Civil Accounts Department, and to maintain a register of candidates under the immediate supervision of the Government of India.

● 3. As the conditions for employment in the two services will thus be similar, the Government of India consider it unnecessary to hold separate examinations hereafter for the Enrolled List and for the Superior Accounts Branch of the Public Works. It has therefore been decided to institute a combined examination for the two services, and the following rules for its regulation are published for general information. They will come into force with effect from the date of publication, and will entirely supersede all rules* previously applicable to either of the separate examinations.

* Resolution of the Government of India, No. 1524 GI, dated 10th April 1899, and paragraphs 2 and 3 of Resolution No. 139-A. E., dated the 17th June 1899 (Public Works).

Rules for the examination of candidates for the Enrolled List of the Civil Accounts Department and for the Superior Accounts Branch of the Public Works Department.

I.—A register of candidates will be kept from which not less than three candidates for each vacancy will be nominated by the Government of India from time to time as vacancies are expected. Only candidates so nominated will be entitled to compete.

II.—Applications by persons desirous of having their names entered in the above register should be made by them in their own hand-writing to the Secretary to the Government of India in the Finance Department, and should be accompanied by proof that the applicant is a native of India within the meaning of the Statute 33 Vict., Chapter 3, section 6,†

† "The words 'Native of India' shall include any person born and domiciled within the dominions of Her Majesty in India of parents habitually resident in India and not established there for temporary purposes only."

Note.—Copies of all certificates should be sent for record, along with the originals which will be returned.

by certificates of character and of educational qualifications, by a statement of age, and by information regarding any services that may have been rendered to the State by his parents and family.

III.—Applications on behalf of persons who wish to be candidates may also be made by Local Governments and by Directors of Public Instruction in consultation with the heads of the principal Colleges in the various provinces. Such applications should contain information of the same character as prescribed by rule II.

IV.—The names of persons not possessed of high educational qualifications will not be registered. Clear and distinct hand-writing and a business familiarity with the English language are indispensable.

V.—All applications whether by or for candidates should name the Department in which the applicant desires to serve. If a candidate is equally willing to accept employment in either Department, this should be clearly stated.

VI.—The Government of India reserve an absolute discretion not only in regard to the selection of persons to be entered on the register of candidates, but also as to the nomination of candidates to compete at the examination. It must be clearly understood that registration of a candidate's name does not in any way imply that he will be nominated for admission to examination. Candidates will be informed, at the time of nomination, whether they have been held eligible for both, or for one only of the two Departments.

VII.—The name of a registered candidate will be struck off the register when he has reached the age of 25, or has failed in two examinations.

VIII.—A candidate nominated for admission to one examination will not be admitted to a later examination unless again nominated.

IX.—The age of a candidate, when examined, must not exceed twenty-five years. A nominated candidate before appearing at the examination must produce a certificate in the annexed form by a Commissioned Medical Officer or by a Medical Officer in charge of a Civil Station.

CERTIFICATE.

I do hereby certify that I have examined A. B., a candidate for employment in the ^{Superior Accounts Branch of the Public Works Department} ~~of the Government of India~~, and that I cannot discover that he has any disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the public service in any part of India.

X.—Such candidate must also, before appearing for examination, produce a certificate of age from the officer in charge of the District in which his family reside, or, if they reside in a Presidency Town or a Native State, from the Presidency Magistrate or Political Agent, respectively. To obtain this certificate the date and place of the candidate's birth must be proved before the District Officer, Presidency Magistrate or Political Agent, as the case may be, by documentary evidence, supplemented, where this is not conclusive proof, by statements of relatives and others on oath or solemn affirmation.

XI.—Nominated candidates will be examined in the subjects described in the Schedule attached to this Resolution. No candidate will be admitted to either Department who fails to show a competent knowledge of the compulsory subjects, and the Government reserve the right of declining to make any appointment when no candidate reaches a high standard of proficiency.

XII.—The examination will be mainly by written questions and answers. There will be a *viva voce* test in the last two groups of the compulsory subjects mentioned in the Schedule attached to this Resolution. The questions will be prepared, and the examination conducted, in such manner as the Governor General in Council from time to time directs.

XIII.—Some months before an examination is to be held, its date and place, and the conditions of examination, will be notified in the *Gazette of India*, and the number of vacancies in each Department open to competition will at the same time be stated.

XIV.—Subject to the above conditions, candidates for each Department will be appointed to the posts thrown open to competition according to their order of merit at the examination, and the Departments for which they have been nominated. Where a candidate has been permitted to appear for both the Enrolled List and the Public Works Accounts Branch, and his position in the examination would entitle him to a post in either Department, he will be allowed a choice as between the two.

ORDERED that the Resolution be forwarded to the Departments of the Government of India, to the several Local Governments and Administrations with the request that it may be communicated to Directors of Public Instruction and all heads of Colleges and Schools in their respective Provinces, to the Comptroller and Auditor General, to all Accountants General and Comptrollers and to the Accountant General, Public Works Department.

Ordered also, that the Resolution be published in the *Gazette of India*.

Secretary to the Government of India.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

In their Resolution No. 1243—1252, dated the 19th February 1906, the Government of India appointed a Committee to enquire into the procedure prescribed for the purchase of stores for the use of Government Departments in India. The Committee were directed to ascertain, and to report on, the defects in the practice now adopted, more especially with reference to the question of facilitating purchases and of affording greater encouragement to

local industries, and they were instructed to formulate a set of rules with the object of effecting improvement in the existing system. Certain definite questions were also referred to them for specific enquiry. The Committee visited the important manufacturing centres and obtained the views of representative Indian firms, and they presented their report in July 1906. A large amount of useful information was brought together in their report and the detailed treatment of the subject enabled the Government of India to arrive at conclusions of a definite character. It has been decided that the Committee's Report should not be published. But a summary of their conclusions is given in the following paragraphs.

2. The procedure hitherto adopted in the large consuming Departments conforms to Standing Order No. 85, dated the 12th July 1904 (Appendix 30 to Volume III of the Public Works Department Code), which contains the executive instructions prescribed for the practical guidance of officers of the Public Works Department and of State Railways, and which, in substance, is reproduced in paragraphs 13 and 13 A of Army Regulations, India, Volume III. This procedure is, in the Committee's opinion, defective in certain respects. Dealing first with the case of articles of local origin and manufacture, the Committee have pointed out that there is no indication in these instructions of the declared policy of Government in favour of the purchase of such articles; that the rules applicable to such purchases are cast in a permissive form and do not require that preference should be given to locally produced stores; that practical difficulties are experienced in giving effect to the rules which require a comparison to be made in respect of price and quality between the locally manufactured article and that obtained from England; and that a further difficulty is felt in regard to the interpretation which should be placed on the condition that an article manufactured in India from imported materials must not have been imported into India in a "finished or partly finished state." The result of these defects has been that in practice the policy of the Government has not been carried into complete effect: and the Committee in reviewing the indents of the more important of the consuming Departments found that orders to the value of £467,319 were sent home in the year 1904-1905 for articles which could probably have been obtained of local manufacture. The resources of Indian manufacturers as a whole are, in the Committee's opinion, not being taxed to the full: in the case of the engineering trades in particular, the larger firms at Calcutta and Bombay are more dependent on orders from local bodies, railways other than State, and general private enterprise than on Government support. The Committee satisfied themselves that Indian manufacturers are both able and willing to undertake a much larger volume of work than at present is entrusted to them by Government Departments: and they quoted as evidence the ready enterprise with which Calcutta Engineering firms have adapted their shops to meet the orders placed in India for rolling stock.

3. As regards the procedure which regulates the supply of European stores, the Committee found on the evidence before them that, as a consequence of the difficulty of framing accurate forecasts, the indent system is not invariably productive of economy, that the general tendency is towards over-estimating, and that this tendency is aggravated by the discouragement of supplementary indents and by the criticisms to which an officer is exposed in attempting to correct an under-estimate by local purchases. Specific instances were also quoted by the Committee in which direct financial loss had resulted from delay and from defective methods in the supply of articles obtained on indent. On the other hand, the enquiries which the Committee made into the quality and price of imported stores purchased locally by Government Departments from Indian firms, satisfied them that, in spite of the necessarily scattered and spasmodic character of such purchases, Indian firms had on the whole been able to supply a sufficiently good article at a price which over a number of cases compared not unfavourably with that paid by the India Office.

4. To meet the defects disclosed by their examination of the present system, the Committee formulated certain proposals, the most important of which may

be briefly summarised as follows. They were of opinion that the rules prescribed for the guidance of officers of the consuming Departments should contain a clear and unmistakable indication of the desire of Government that, where articles of European and articles of Indian manufacture do not differ materially in respect of quality and price, preference should be given to the latter. They also suggested a modification of the terms of the present rules applicable to the purchase of articles made up in India from imported materials. To meet the difficulties experienced in comparing prices, the Committee proposed as a means of testing rates offered by English and Indian firms, that simultaneous tenders for delivery in India should be invited in England and in India in the case of standardised articles of which specifications are available at the India Office and in India. In the case of articles not so standardised, they proposed that a comparison should be made with the cost, as shewn in Rate Lists, of the imported article delivered in India. They suggested that the form and scope of the existing Rate Lists, which only include stores procured from England for the use of State Railways, should be amplified and extended to cover the transactions of all consuming Departments; that the proposed lists should be issued with promptitude every quarter and that their compilation should be entrusted to a special agency; that full and detailed information should be given therein as to the freight, insurance and landing charges paid on each article procured through the Store Department, and that account should be taken in determining home prices, of charges representing the incidence of customs duty and of the cost of maintenance of the Store Department. Finally, in cases where the article required is not included in the current quarterly Rate Lists, or in those of the three preceding quarters, they proposed that the officer authorising the purchase should satisfy himself to the best of his ability that the price of the locally manufactured article is not unfavourable.

1. As regards the purchase in India of articles of European manufacture, the Committee suggested considerable modifications of the present procedure in the direction of facilitating the purchase of such articles. In particular the Committee were strongly of opinion that the rules should permit of the supply by large contractors of English stores required in the structure of works let out on contract. A draft set of rules to give effect to their proposals was submitted with the Committee's Report.

6. On the minor points referred to them for enquiry, while the Committee agreed, and, as already stated, included among their recommendations a proposal, that officers should be required in certain cases to give preference to locally manufactured articles, they did not advocate the introduction of any special measure to enforce the exclusion from indents of demands for articles which can be obtained of local manufacture. They considered the organization of a special inspecting staff to be necessary; they made proposals to secure the dissemination among all Departments of information regarding the resources of Indian firms and manufacturers, and they deprecated the creation of Store depôts, except on a very limited scale for the stocking of inconsiderable supplies of standard stores intended for immediate and local use.

7. These recommendations received the careful consideration of the Government of India and have formed the subject of correspondence with the Secretary of State. As regards the adoption of special measures to enforce compliance with the rules prescribing the purchase of locally manufactured articles, the Government of India decided that a check should be applied in regard to indents, with a view to securing that no article should be indented for from the Store Department when a similar indigenous article could be obtained of a satisfactory quality and at a reasonable price. They directed that the Director-General of Commercial Intelligence should undertake the compilation of quarterly Rate Lists on the lines proposed, and that that officer should also be entrusted with the duty of placing the consuming Departments in possession of information as to the resources of Indian manufacturers and as to the possibility of obtaining from them an indigenous article in substitution for an imported article.

8 The Secretary of State agrees that the existing rules and procedure regarding the purchase of stores may with advantage be modified, so as to give greater encouragement to the purchase in India of articles which are either produced or manufactured locally. As regards imported articles he also agrees that an addition should be made to the rules, so as to authorise the local purchase of such articles when their value is inconsiderable. Subject to certain conditions, he has also accepted the proposal that in the case of important construction works let out to Indian firms of approved standing, the supply of English stores required for the construction may be included in the contract. The rules as finally settled by him are appended to this Resolution.

9. At the same time the Secretary of State desires that it should be made clear that these rules are adopted purely as an experimental measure, and that they will be revised should it be found that they result in a deterioration of quality or an increase in the cost of stores supplied to Government. In order to secure additional safeguards, the Secretary of State desires to be furnished with periodical reports showing whether articles purchased in India as being of equal quality with articles procurable in England at the same price are found by experience to be so. As the comparison of prices required by the rules will be attended with some difficulty, and in order to provide additional supervision, he has also decided that lists of purchases in India of articles not included in the Rate Lists are to be sent to him at the end of each financial year, in order that he may have the opportunity of noticing any cases in which it might appear that excessive prices have been paid.

10. The Secretary of State has also sanctioned the proposal of the Committee as to the establishment of an inspecting staff for the purpose of testing and passing supplies purchased in India. Details of a scheme to give effect to this decision are now being worked out for submission to the Secretary of State.

11. The Governor General in Council is now pleased to direct that the rules appended to this Resolution shall be observed in supersession of all existing orders regarding the purchase of stores required for the use of Government Departments. He desires to impress on all concerned that the policy of Government is to encourage the purchase of articles locally manufactured or produced; and the first two of the rules now drawn up, accordingly prescribe that preference shall be given to such articles when the quality is satisfactory and the price not unfavourable. To secure that full effect shall be given to this policy, the Government of India direct that indents should be carefully scrutinised by the sanctioning authority, with a view to judging whether articles are not being indented for from Europe which could equally economically and satisfactorily be obtained from local manufacturers. Indenting officers should also be required to explain in their indents their reasons for including in the demand on the India Office any article which is available of Indian manufacture. Finally, the Government of India desire that copies of all indents should be submitted to them after despatch in order that the operation and effect of these orders may be watched, and a check applied to secure the exclusion from indents of requisitions for articles which Indian manufacturers can supply. Separate orders will issue subsequently in respect of the date on which indents should be submitted to the Government for this purpose.

12. Substantial modifications have been introduced in the rules applicable to the local purchases of European stores. Under Rule 3 (a) officers will now be permitted to purchase without restriction English stores of small value which are in India at the time of order, within the money limits prescribed by Rule 13. Under Rule 5 purchases of English stores may also be made within the limits prescribed by Rule 13, not only in cases where the demand is so urgent that a supply by indent would cause delay and inconvenience, but also in cases where economy can be effected by the greater promptitude afforded by purchase in India. Rule 3 (b) lays down the conditions to which is subject the concession referred to in paragraph 8 above, as to the supply of English stores required in the structure of important construction works. The Government of India will await from Local Governments, to whom all applications should be made in the first instance, proposals as to the firms which should be admitted to this concession.

13. The compilation of Rate Lists is, as has already been stated, now being undertaken by the Director-General of Commercial Intelligence, and it is anticipated that these Lists, in their revised and amplified form, will shortly be ready for issue. The Director-General of Commercial Intelligence will, when the first issue of these Rate Lists has been compiled, ascertain from Local Governments and Administrations and from each Department the number of copies of these Lists required, and will arrange for the supply of these as well as of copies of subsequent issues. In accordance with the wishes of the Secretary of State, as explained in paragraph 9 above, lists showing the prices at which purchases were made of articles not included in these Rate Lists during the preceding financial year, should be submitted to the Government of India by the 31st August in each year, for transmission to the India Office. Separate orders will issue subsequently after experience has been gained of the working of the new rules, in regard to the submission of reports as to the quality of articles purchased in India.

14. The rules appended to this Resolution do not apply to the transactions of Port Trusts, Municipalities, Cantonments and other Local Funds not included in the general accounts and estimates of the Empire, unless they should at any time be expending Government revenues on behalf of Government, or unless the Government should in any special case, in which it may advance to them funds for particular works, think proper to make a condition to this effect. The arrangements for the supply of stores to Port Trusts and other similar bodies will always be subject to any control that may be provided by the local law.

ORDER—Ordered, that this Resolution be communicated to all Departments of the Government of India, to all Local Governments and Administrations, to all Accountants General and Comptrollers (including the Comptroller and Auditor General), to all Heads of Departments subordinate to this Department, to the Examiner of Telegraph Accounts and to the Private and Military Secretaries to His Excellency the Viceroy.

Ordered, also, that the Resolution be published in the *Gazette of India* for general information.

B. ROBERTSON,

Secretary to the Government of India.

 - (ii) That the materials are subject to the current specifications and tests prescribed by the Government of India.

RULE 4.—Particular articles which may be purchased in India.

The following articles, whether manufactured or produced in India or not, may be purchased in India :—

- (i) Italian marble.
- (j) Such other classes of articles as may from time to time be prescribed by the Government of India with the approval of the Secretary of State in Council.

RULE 5.—Special purchases in India.

When serious inconvenience to the public service would be caused by waiting to obtain an article from England, or when, owing to the greater promptitude of supply, an economy can be effected by purchasing in India articles which under the foregoing rules should be obtained through the Store Department, the purchase may be made in India, subject to Rule 13; but in such cases, if the value of the articles exceed Rs. 50, the sanctioning officer should place on record the reasons which make the local purchase desirable. This record shall be available for the inspection of the Examiner of Accounts or the supervising officer when required.

RULE 6.—Inter-departmental purchases.

Nothing in these rules is to be deemed to prohibit the purchase of stores of European manufacture by one Department or Railway from another.

RULE 7.—Method of obtaining Stores not purchased in India.

All articles which under the foregoing rules are not to be bought in India should be obtained by indent on the Store Department of the India Office,

except any which the Secretary of State may have specially authorised the Government of India or its officers to purchase direct outside India. Such purchase is at present permissible in the case of the following articles :—

NOTE.—Payments for stores purchased under this rule should be made direct to the suppliers by the purchasing officers.

RULE 8.—*Forecast of Requirements.*

Every effort should be made to foresee requirements so that there may be ample time to send forward indents for such articles as should under the rules be obtained from the India Office. Persistent failure of any officer to make such efforts should be brought to notice by the Local Government or other authority, which may, at its discretion, cancel or reduce the powers of sanction entrusted to the officer at fault.

RULE 9.—*Time required to obtain Stores from England.*

It may be assumed that the time required from the transmission of an indent upon the Secretary of State to the receipt of the stores is :—

Urgent telegraphic indents, not less than three months.

Ordinary indents, six to ten months, according to the article demanded.

For special stores, e.g., large girders, rolling-stock, etc., up to one year in ordinary times.

RULE 10.—*Method of comparing Prices.*

In all cases in which the selection of source of supply depends upon comparison of prices, the procedure to be adopted for such a comparison is as follows :—

- (i) A reference should be made to Home prices as shown in the Rate Lists, and freight should be added at the latest rates paid by the India Office, together with 1s. 3d. per 100l. for insurance, and 3d. per ton for freight brokerage.
- (ii) In cases of important contracts, the prices ruling in the English market should be ascertained by a telegraphic reference to the Director-General of Stores.
- (iii) In cases where the necessary information as to Home prices is not available from the Rate Lists, the purchase in India shall be subject to the condition that the price is not unfavourable.
- (iv) In order to arrive at the market value at an Indian port of an article imported from England, the following charges shall be included :—
 - (a) Landing, wharfage, and port charges as shewn in the Rate Lists.
 - (b) Customs duty, as shown in the Tariff to be applicable to the article in question, to be calculated on its cost *plus* the additional charges mentioned in the earlier part of this rule.
 - (v) The cost of carriage to site from port or place of manufacture, as the case may be, shall be taken into account.

RULE 11.—*Tests.*

Any articles purchased in India which should be tested are liable to the specifications laid down from time to time by competent authority, with the approval of the Secretary of State in Council, and should be required to pass the tests prescribed for such articles.

RULE 12.—*Firms from which iron and steel may be bought in India.*

Important iron and steel work, if purchased in India, should only be obtained from firms approved by the Local Government or Administration and entered in a Schedule as corrected from time to time by the Government of India. A list of approved firms is given in Appendix B.

RULE 13.—*Financial limits on powers of officers to make purchases in India.*

3. Officers who obtain 5 of the total marks will be noted in their record of service as "Passed" in Russian, and those who obtain 8 will be noted as qualified to be "Interpreters" in Russian.

4. Applications for permission to appear at these examinations must be made to the Government of India in the Home Department—(a) in the case of an officer directly under the Government of India, through the Department in which he is serving; and (b) by an officer under a local Government or Administration, through the local Government or Administration to which he is subordinate. Applications must not be made to the India Office in London.

5. Such permission will be granted only to those members of the Indian Civil Service and officers of the Indian Army in civil or political employ who seem likely to be employed, before their active service comes to an end, in situations where a knowledge of Russian may be of advantage to the State, and to no one who will not be able to attend the preliminary examination, and also the final one, should he proceed to Russia for a course of study, and to return to duty in India, without exceeding the amount of leave which he may have to his credit, or which may be admissible to him if subject to the Leave Rules for the Indian Army. The Government of India reserve to themselves full discretion to grant or withhold permission in any case.

6. Any officer, of not less than three and not more than twelve years' service, who proves his possession of a sufficient elementary knowledge of Russian by obtaining not less than 275 marks (25 of the total) at one of the examinations held by the Civil Service Commissioners, or passes one of the preliminary examinations in Russian held in India, will be permitted to proceed from England to Russia for a further course of study of the Russian language.

7. After passing the elementary test, and receiving permission to proceed to Russia, he must start from England within a fortnight from the date of the India Office letter conveying such permission unless specially authorised to defer his departure. He must on no account start for Russia until he has received a letter of instructions on the subject from the India Office. No officer on leave on medical certificate will be permitted to proceed to Russia under these rules unless reported fit to do so by the India Office Medical Board.

8. On starting for Russia he will be granted an advance of pay not exceeding 35 days' furlough pay and also not exceeding 100%. Such advance will only be granted to an officer who draws his furlough pay from the India Office, and will be recovered in instalments spread over eight months after his arrival in Russia.

9. Shortly after his arrival in Russia, he shall report to the India Office his address and the date of his entering Russia. Any subsequent change of his address shall likewise be reported. In the case of an officer of the Indian Army he is required to report himself on arrival to the Military Attaché at St. Petersburg, whether he chooses that city or another as his place of residence.

10. Every officer is expected to present himself for final examination twelve months after passing the elementary test; and of those twelve months at least ten must have been spent in Russia.

11. Two months before his final examination, he shall notify to the India Office the address in England to which his order for examination should be sent by the Civil Service Commissioners.

12. On his return to England he shall report to the India Office in writing his arrival and the date of his crossing the Russian frontier on his return. If he left India on medical certificate, he shall apply for permission to appear before the Medical Board at the India Office. He shall not leave Russia, either temporarily or permanently, earlier than fourteen days before the final examination, without obtaining leave of absence for a definite period from the Under Secretary of State for India.

13. If he succeeds at the final examination in qualifying to be an interpreter in the Russian language, he shall receive a gratuity of 125% and a further consolidated sum of 32% or 42% in repayment of his travelling expenses to and from St. Petersburg or Moscow, as the case may be. The gratuity of 125% shall be paid only in cases where there has been the full term of residence in Russia for the purposes of study. He will also be granted a free passage from England to India; and will be treated with retrospective effect* as an entitled passenger

* i.e., (1) If he came to England from India at his own expense, he will receive, as passage allowance, a return fare at the current rate of the British India Steam Navigation Company.

(2) If he came to England from India as a non-entitled passenger on a transport, he will receive a refund of his passing charges and an entitled passage to India.

(3) If he went from India direct to Russia, he will receive a single fare at the British India Steam Navigation Company's rate from the port of embarkation to Port Said and a sum of £30 or £32 in respect of his travelling expenses from that port to Moscow or St. Petersburg, as the case may be, a sum of £16 or £21 in respect of his travelling expenses from St. Petersburg or Moscow to London, and an entitled passage from England to India.

In any of the three cases he will be entitled to receive, after returning to India, his travelling expenses from his station to the port of embarkation before starting for England.

to England or to Russia when first proceeding there. No grant on account of travelling expenses shall be made to an officer who fails to qualify to be an Interpreter, but he may earn the gratuity and the consolidated sum for travelling expenses if he succeeds at any subsequent examination in qualifying to be an Interpreter, provided he has not more than 12 years' service at the time of re-examination.

14. If he succeeds in passing a further test five years after qualifying as an Interpreter, he will be entitled to a further gratuity of 75*l*. The syllabus of this further test is the same as that of the interpretership examination, with the omission of items 4, 5 and 6. In order to qualify, 80 per cent. of the total marks or 640 must be obtained. The examination will be carried out in India, and officers will be allowed two chances of requalifying, and two only, and in the event of failure at the second attempt, their names will be removed from the list of Russian Interpreters.

15. Whether successful or not at the final examination, he shall rejoin in India within two months from the date on which it began, unless his leave or furlough extends beyond that period. If, however, his leave has been granted under medical certificate, it will be necessary for him as usual to obtain a certificate that he is in a fit state of health to return to his duty.

16. A member of the Indian Civil Service or a Military Officer subject to the Civil Leave Rules shall be entitled to count as Indian duty for promotion and pension, but not as service for furlough, the period of ten months spent in Russia. The whole time passed in the course of study and until the date of his return to duty in India will be treated as part of the furlough taken, and he will be entitled to the usual furlough pay.

17. A Military Officer in civil employ, but subject to the Leave Rules for the Indian Army, shall be entitled to count as Indian duty for promotion and pension the period spent in Russia, and to draw for such period the equivalent, at the privileged rate of exchange, of the Indian pay and allowances of his rank, and the half staff salary of his substantive appointment; provided that if the sterling amount be less than his leave pay under the Leave Rules for the Indian Army, then leave pay shall be allowed. He will be considered as on leave before arrival in Russia, and from the date of quitting Russia until he rejoins his appointment in India, under the conditions of Regulation 15. The period spent in Russia will not be considered as part of the two years' maximum absence from duty allowable under the Leave Rules for the Indian Army.

18. When an officer who has qualified as an Interpreter in Russian is on leave in England, he may, with the sanction of the Secretary of State for India on the recommendation of the Government of India, be permitted to proceed to Russia to keep up his knowledge of the language; and provided that he remains in Russia at least two months, he will, on his return to London, receive a sum of 32*l*. or 42*l*. in respect of his travelling expenses to and from St. Petersburg or Moscow, as the case may be, and, if desired, he will have his leave extended by two months without prejudice to the advantages accruing under the rules relating to combined leave, if on combined leave.

19. The half-yearly examinations in India are held in January and July, and the names of the officers who are recommended by the Government of India for permission to proceed direct from India to Russia will be communicated to the India Office as soon as the result of the examination is known. The names of the officers who are finally selected will be communicated by the India Office to the Government of India, who will give authority to each officer to take up his residence in Russia, to which country he should proceed about May or November so as to be on the same footing as the officers of his batch who proceed from England. If more than 18 months have elapsed since an officer passed the preliminary test he will be required to undergo a fresh examination before receiving permission to proceed to Russia.

20. The passport of an officer proceeding direct from India to Russia will be issued either by the Governor General of India, or by the Governor of Madras

or of Bombay. The necessary *visa* should be procured by the officer at Port Said or any other place on the route where there is an accredited Russian Agent.
